The Indian Valley Public Library Board of Trustees is proposing Michelle Kane as a potential replacement for the Library Representative from Telford Borough. Michelle has been a resident of Telford Borough for a long time and is an active member of the community.

Michelle has been a great supporter of the library and has helped us in developing a marketing plan to increase public awareness of the library's activities and programs.

She has expressed her interest in serving on the Board of Trustees and understands the time and commitment required for the role. We are confident that she will represent Telford Borough with dedication.

We hope that you will take our recommendation into consideration. If you have any questions, please feel free to ask.

RE: Monthly Telford Borough Police Department Activity

The following is a summary of the Telford Borough Police Department activity for the month of December 2024:

Records Destruction

Now that the Borough Council has issued a resolution, authorizing the destruction of records, arrangements are being finalized to have Richter Drafting and Supply to shred the documents. I will coordinate with the Public Works Director to have his crew assist in transporting the documents, most of which are in the upstairs records area, to the rear of the station when the details are arranged. This is a project that will be completed every 12 to 18 months to ensure that unnecessary records are removed from the inventory.

Station Lobby

The lobby project has been completed and the bulletin boards, television monitor, etc. have been re-hung. A rack for brochures and other informational documents is being purchased and installed. There is minor HVAC work that needs to be completed and arrangements will be made to have that completed.

Parking Study

A parking study is being conducted on Grandview Drive, West Summit Street and Acorn Avenue. This area has been a concern for a while. I am developing some potential solutions and will review with the Public Safety Committee in the near future.

Vehicle Maintenance / Repair Bids

Due to the increased costs of vehicle repairs over the last couple of years, I am looking to find a local repair vendor that will provide a better hourly rate, as well as will offer a fixed rate for certain routine maintenance (oil change, tire rotation, front end alignment, etc.). If some of these issues can be addressed at a lower cost, a considerable amount of savings can occur.

Neighbor Dispute

At last month's regular Borough Council meeting, a Northview Avenue resident expressed concerns that he was having with a neighbor. I spoke to the resident further and learned that, over the last several months, the neighbor was harassing him and his family in some very bizarre ways. I am very familiar with the neighbor in question and have sent him a letter suggesting that he be more conscious of how he is towards those living around him. I hope this resolves the issue.

Officer Kyle Heffernan's Return

Officer Heffernan returned to his position with the police department on December 18th. It was a smooth transition since he was only away a few weeks. His return has been helpful since many of the vacant shifts had to be covered with overtime. We are all glad to have him back in the department.

Office Renovation

With Detective Fox's pending retirement, and the addition of new officers, the support office and the detective office needed to be updated and painted. A countertop desk was installed in the support office that will now service three officers. The office was also painted and had new window blinds installed. (The previous venetian blinds were 35 years old) The detective office is being painted and a new window blind is being installed. All of the work was completed in-house.

Neighbor Impact Letters

The man who was living on East Central Avenue and victimized several neighbors is due to go to court in January. He has been charged with numerous criminal acts against the neighbors and there is concern that he will be placed in an alternative program rather than facing the prison time that is justified under the charges. As a result, neighbors were requested to write impact letters so that the judge could see exactly the extent of his harassment. Those letters were collected and were forwarded to the assistant district attorney handling the case. The neighbors were very appreciative of the opportunity to cite their impact and concerns.

Corporal Adams Graduates with Master's Degree

Corporal Adams recently completed his graduate studies and will be awarded a Master of Science Degree in Criminal Justice – Law Enforcement Leadership from Liberty University. This has been a large undertaking and will help prepare Corporal Adams for future leadership roles in the police department. I am very proud of Corporal Adams for completing this program.

Business Continuity Plan

I continue to work on the police department's business continuity plan. My hope was to have this plan completed by the end of the year, however; other projects took precedence. I'm hoping to have the plan completed and distributed in the first month of the new year.

Right to Know Issues

The police department continues to receive Right to Know requests from a resident that has utilized the process in a vexatious manner. In 2023 the police department received 20 Right to Know requests, 17 are from that one resident. Many of the requests turn into appeals due to the

requester asking for records that cannot be released. He challenges those with appeals and with petty follow ups that require significant time from police department staff. His actions, I believe, are simply retaliation for not getting his wish with parking and other issues on his street.

Citizens Police Academy

Two Citizens Police Academy sessions are scheduled. An evening program is scheduled to be held at the Indian Valley Public Library on Tuesday evenings, beginning January 30th, and a second program is scheduled for daytime at the Lutheran Community beginning in February. The evening session already has eight registrants and several more are expected to enroll.

Summary of Arrests / Investigations (Not Conclusive)

Juvenile on Juvenile Sexual Abuse Investigation

A 14-year-old male is alleged to have committed a sexual act on a younger sibling. This is continuation of a reported previous incident that was complicated due to family disfunction. The investigation is continuing.

Fraud Investigation

A Borough man was defrauded out of \$20,000 through a telephone scam that required him to provide certain banking information. He realized that he made a mistake and reported it promptly. Due to the nature of the fraud, it is unlikely that the scammer is located in the United States, making it highly unlikely that the crime can be solved.

Child Sexual Abuse Investigation

A child was interviewed for a second time and has provided information alleging sexual abuse by her mother's boyfriend. The allegation involves abuse with an object. This investigation has been extremely complicated by family and guardians interfering and trying to influence the victim child. Several investigatory steps need to take place prior to making a determination in this investigation.

Juveniles Breaking Into Residence

Several juveniles have been identified as having broke into a residence and stealing liquor. The juveniles are friends with a juvenile that lives in the residence and they have stolen liquor in the past. They have all been released to parents and will participate in a diversion program.

Drug Arrest

A man was arrested on drug charges after being observed acting suspiciously in the parking lot of the Circle K store.

Warrant Arrest

A man was arrested on an outstanding warrant after he was observed sleeping in his vehicle in the parking lot of the Circle K store.

Assist Hilltown Township Police with Burglary and Assault in Progress

Officers assisted Hilltown Police Department with a commercial burglary where the actors also assaulted the property owner. The actors fled on foot through fields and other area parking lots. The search lasted for several hours, and the actors were believed to have escaped the area.

Shed Collapse

Officers assisted with the shed collapse in the alley behind North Main Street. There were safety and other concerns. Officers assisted the fire company and code enforcement.

Accidental Discharge of a Firearm

A borough resident accidentally discharged a handgun while he was cleaning it. He reported the incident right away for fear that the bullet left the residence and may have entered another property. The officer determined that the round that was discharged was lodged in the outer siding of the residence. No one was injured and no other property damage occurred. No charges are being filed.

Serious Mental Illness

A Borough resident, suffering from serious mental illness, has repeatedly called for police assistance due to delusions, etc. Officers were able to get her involuntarily committed for treatment.

Major Distraction Theft

Several black or Hispanic men, wearing masks, appeared to play the skill machine at the Circle K store for several hours. On different occasions, one of the men would go to the counter and disturb the clerk and then return with the other men. After the group left, it was discovered that they broke into the machine and removed \$22,000. An investigation is continuing.

Several Domestic Violence Investigations /Arrests

Officers arrested and / or investigated several individuals in connection with domestic violence incidents during the month.

Numerous Disturbances

Officers responded to numerous disturbances during the month.

INCIDENT DETAILS

Ms. Brittany Beres is truly an outstanding employee of the Telford Borough Police Department (TBDP) and a pleasure to deal with. Unlike another TBDP employee who builds barriers with the Community and fosters an environment of distrust through thier unprofessional behavior and name calling, Ms. Beres is the exact opposite. Regardless of the situation, she maintains high professionalism and integrity, completely resolving issues. Every response, regardless of the item, is always timely and precise. Ms. Beres is one of the few truly exemplary employees of Telford Borough that serves as a role model for others to follow. She brings great credit upon herself, TBDP and the Borough of Telford.

RE: Neighbor Complaint

Dear Mr. [REDACTED]

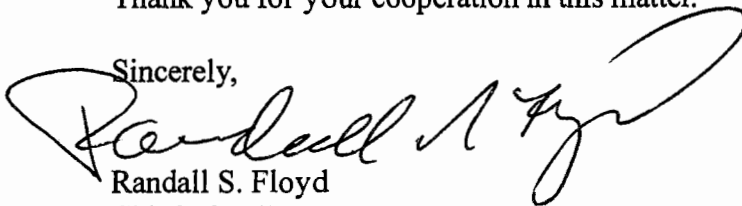

The letter that you recently delivered for me has been reviewed and followed up upon. I have spoken to [REDACTED] and can assure you that he did not take photos of you, nor does he have any intention to harm you in any way. [REDACTED] is a very well-respected member of this community. He solely becomes frustrated by your vehicle maintenance work that occurs late at night.

On the other hand, prior to receiving your letter, I was in receipt of recent complaints from other neighbors concerning what they believe is harassment on your part. Invading neighbors' private property, photographing their residences, and destroying shrubbery were just some of the alleged complaints against you.

The neighborhood that you live in consists of residences that are in close proximity to each other. That requires residents to be both mindful of their own activities, as well as being reasonably flexible in regard to those of their neighbors. Respect and courtesy are the key to having good relationships with your neighbors. Everyone must do their part.

Thank you for your cooperation in this matter.

Sincerely,

Randall S. Floyd

BOROUGH OF TELFORD

MANAGERS REPORT

ADMINISTRATION

TO: Telford Borough Council
Mayor Jerry Guretske
Telford Borough Authority Board

FROM: Kyle B. Detweiler, MBA
Borough Manager

RE: Manager's Report

DATE: December 27, 2023

Real Estate Matters – The Agreement of Sale for 122 Penn Avenue has been approved and all the necessary documents have been fully executed. We are coordinating efforts with the title agency at this time and a 'good faith deposit' has been submitted from the buyer. Settlement date is still to be determined. We did receive the approved 'Waiver of Retroactivity' from the DCNR's offices for Trinity UCC's land acquisition, which is a critical first step in obtaining grant funding. A date will be set for mid-January when representatives of the DCNR will visit the site and explore with us the next steps in this grant application process.

Franklin Alley Swale Project – On Tuesday, December 19th we received the eagerly anticipated news that the full amount of the grant we applied for, \$146,000, had been awarded to the Borough for this project. Senator Collette and Representative Malagari called our office to personally express their support and relay this extremely positive outcome. We will be scheduling a pre-construction meeting in the coming weeks with the contractor and will also be active in communicating updates with the impacted homeowners.

Borough Hall Media Improvements – Altek visited Borough Hall on December 12th to review the installation options, equipment selection, and discuss any additional items alongside their wiring partner. I am still not in receipt of a quote to perform the installation, but we will share this info once we have it. There were some alternative solutions presented by the wiring partner that were slightly different than what Altek originally proposed, so the physical installation may take some trial and error to get right.

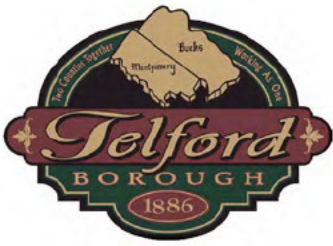

Administrative Secretary Hiring – The Finance & Administration Committee and I conducted interviews with eight prospective candidates between December 12th and December 18th. An offer was extended to a candidate we were prepared to move forward with, but that candidate withdrew their interest in the position. We had a strong pool of applicants, and an offer will be extended to an alternate which we are equally as excited about and hope to have the alternate selection process wrapped up very quickly.

Operations Manager Hiring – An offer has been extended to Dennis Schoenly, Special Projects Manager of Upper Hanover Authority, to take over for our retiring Plant Manager, Daniel Wurst, and that offer has been accepted. Dennis' first day with Telford Borough Authority will be January 3, 2024. With over 24 years of experience in the wastewater treatment and collections industry, we are excited to bring Dennis into our team.

County Line Road Sanitary Sewer Project – Telford Borough Authority was awarded nearly \$270,000 in state grant funding to put toward a sanitary sewer project that extends public sewer service along County Line Road to serve homeowners in West Rockhill (Hidden Valley Development) and Franconia Township (Hollow & Forrest Road). I presented the information related to this project and the Act 537 special study that is required to the West Rockhill Planning & Zoning Commission on December 12th. The Commission approved the special study and the Township Supervisors passed moving forward with the project at their December 20th meeting.

Right-to-Know Requests –
